

HL-5000

grease control

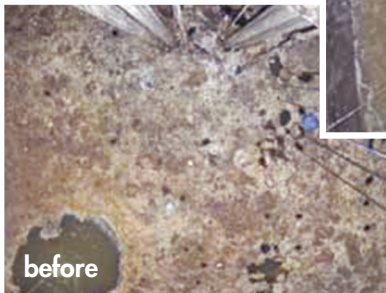

lift stations

wet wells

sewage ejectors

treatment plants

scum pits

Bred specifically to digest sewer grease, microbial **deFOG HL-5000** keeps lift stations, wet wells and sewer ejectors clear of F.O.G. (fats, oils and grease). With 47% of SSOs nationally due to grease build-up, HL-5000 is a powerful weapon in the fight for EPA compliance.

- Controls F.O.G, odors and maintenance costs.
- Biodegradable, non-hazardous.
- Only CO₂ and H₂O byproducts.
- Dispensed automatically.
